DEVOTIONALS

Liraasa de Melominvaasa

SONG · POETIC

ola-pago ke sambanasan noleri vobi colbiri de azuri.
There are different names for colors of blue

nara baba lumiasasan azurijuba ke hupi li loterori.
But a divine blue is above the others

saivo ke li navu ko baba sonhisan lore.
She is the sky with a serene heart

saivo de ruhesan larne teklata li pagoasasan somu.
Her storming anger stops the universe sleeping

saivo de vabeveri ke li colbiri de li renlicolbi.
her waves are the colors of the rainbow

ata maivo lemula saivo de sizosan lumi.
And I study her iridescent light

rada lira sudesia baba sambanasan fasbi de saivo de lumisan soloasa.
Each song shows a different face of her light stone

maivo de sonbusambari ke saivori vardesan jubari ki?
My rhymes, are they worthy gifts?

maivo milnoma ko baba tarnulinusan farufasbi.
I wonder with a boy blush

li vanisan minva resora kube saivo lenila maivo de lira ki?

Does the beautiful woman laugh when she hears my song?

maivo de senori ke vardesan vobi saivo de lumiasasan felberi poye.

Perhaps my words are worthy for her divine ears

ito ke vobi eli seca vera fime maivo tivrota opi.

It is for this second truth that I hold hope

maivo futu tovota li corvi de baba vardesan devorivo.

I will possess the courage of a worthy spouse

maivo futu sarbisia lirari su li rekuvelma de salrusan monruri.

I will write songs on the top of tall mountains

maivo futu lirala ala li navuasasan navu de mavopagoasa.

I will sing to the celestial sky of heaven

saivo de melonulu venreva nazru gase baba lira de ruhesonbu.

her melody comes back as a song of thunder
