Lira de Kronoasa

SONG · SACRED

kube krono po lombila, maivo po lenila taivo de melonulu.
When time began, I heard your melody

taivo de valla po ke baba lira de navuasasan lumi.
Your voice was a song of celestial light

taivo de manliri po ke li lumiasasan biti raho po farlafa li pagoasa.
Your hands were the divine instrument which created the universe

maivo po ke baba melosan lavra taivo de vallasan vordusan lavi.
I am a music bird, your voice caused joy

mavopago po lenila maivori de melonulu gase vera.
Society heard our melody as truth

saivori po lenila li narvonasan vani de li melonulu raho lumila.
They heard the flawless beauty of the melody which shines

yesta li raleri de li sadori de li ramumomvisan po lenila maivori de lira.
Even the echoes of the shadows of the forgotten heard our song

li peremori de lordina po ke ramumomvisan ata po ne relsira.
The problems of chaos were forgotten and not answered

li cilni de mavopagoasa po kronobioka en li vanisan vilneri de li mareasa.

The city of heaven was born in the graceful eyes of the mother

lumiasasan lumi po sarbisia vera kopisa li yanbasan veluri lenila.

Divine Light wrote truth for the old stars to hear

ata li veluri po sarbisia ko salye su li ranbe de farulavrasan amor.

And the stars wrote with surprise on the strength of phoenix love

maivo ke taivo de kronoasasan lirasan lavra toda-krono.

I am your timeless song bird, always

maivo futu ke li suma raho tivrota taivo de molusan lore.

I will be the warmth which holds your tender heart

maivo lenila li mege de taivo de yomlasan valla.

I hear the sweetness of your honey voice

maivo lavbula vobi lavi en taivo de lore.

I pray for joy in your heart
