Liraasa de Ruhesonbu de Lore

SONG · POETIC

baba sollisan mavo po masuma maivo de li rale.
A contemplative mind asked me about the echo

li momvi de saivo de melonulu nulloramunia maivo.
The loss of her melody haunt me

maivo suvi senosia ala taivo de saivo cirsisan vilneri ki?
Should I speak to you of her crystalline eyes?

saivo de vilneri po lumila gase nonmori de yunlusan lumi.
Her eyes shined as lotuses of aurora light

saivo de sabaye po nulvania gase navusan nonmori.
Her hair smelled as sky lotuses

li damruna de saivo de lehe po ke li navu de somuvelma.
The softness of her cheek was the sky's blanket

saivo de reso po ke li melo fime lirasan lavrari sarbisia ata lenila.
Her laughter was the music that song birds write and hear

saivo de mobetibi velmava ata ke yunlusan lumi.
Her silk dress is aurora light

li sollisan mavo po masuma maivo de maivo de lorenuravu.
The contemplative mind asked me about my anguish

saivo po lenila maivo de farusebi de ruhesonbu.

He heard my dragon's thunder

saivo sabesia li telne de li merasan lumi de saivo de milobe pifu.

May he know about the merciful light of her smile

taivo vimova saivo ata sovlasia gase maivo eli-krono ki?

Do you see her form as I do, now?

li navuasasan de mavopagoasa ke en lorenuravu.

The celestials of heaven are in anguish

maivo de ralesan senori po sonbusia vobi saivo narvonasan lumi.

My echoed words resonate her flawless light

ata li mavolumi de li pagoasa nemenia saivo de momvi.

And the soul of the universe mourns her loss

ata tonsi maivo po vorduva apoksan sonbuna.

And so I brought about final silence
