Lira de Faruasa

SONG · SACRED

kube krono po lombila, maivo po surusia baba faruti.
When time began, I felt a little fire

mareasasan velu po savalisia maivo su li lehe.
A mother star kissed me on the cheek

saivo po senosia en baba melosan valla.
She spoke in a musical voice

taivo ke baba farulavra.
You are a phoenix

ramumomvira taivo de lumiasasan kronobio ne.
Never forget your divine birth

taivo de nalfari donuda suma ala li navuri.
Your wings give warmth to the skies

taivo vagava hupi li sabesan lanla.
You fly above the known horizon

li luno salrusia ata taivo somusia en maivo de varori.
The moon rises and you rest in my arms

maivo de navuasasan faru donuda taivo polva.
My celestial fire gives you power

maivo de savali su taivo de lehe donuda taivo opi.
My kiss on your cheek gives you hope

maivo de lomo senosia ala taivo fime taivo ke nimu.
My embrace says to you that you are home

faruti, taivo de corvi farlafa maivo milobe.
Small fire, your courage makes me smile

lirala maivo baba somulira su li suma de narvonasan faru.
Sing me a lullaby on the warmth of flawless fire

taivo po ke gonbihemlusan ala li suma de maivo de yuge.
You are invited to the warmth of my body

fisa lavbu gase taivo venreva ala maivo de lumiasasan pago.
Please pray as you come to my holy place

ata maivo futu lisila taivo ko maivo de mavolumisan miru.
And I will anoint you with my soul water
